

EMPOWERING KIDS THROUGH Magic!

Empower kids through the fun of magic to build confidence, learn through the power of STEAM, and embrace the benefits of social emotional learning (SEL). Keep a professional magic kit as you learn to defy gravity, teleport a robot, predict the future with a magic teleportation machine and more. Enjoy games, activities and performing time every day. All young magicians are invited to participate in the student show in the final hour of class. Take one week to sample magic or take both Magic Academy sessions to earn your blue magic wand.
