

PLEASE BE ADVISED THIS PARK IS EQUIPPED WITH A LIGHTNING DETECTION SYSTEM

Lightning event

If there is lightning within 5 miles of the Rec Center the following will occur:

ALL siren stations in Marlboro will sound an *alarm*.

The sound will be a “siren” tone for 3-4 seconds per horn.

The strobe light will begin to flash and will remain flashing until the end of the lightning event.

The horns will *only* sound at the first detection of lightning.

After the lightning event has passed

30 minutes after the last lightning detection within 5 miles of the Rec Center the following will occur:

All siren stations in Marlboro will sound an *all clear*.

The sound will be a “foghorn” tone for 3-4 seconds per horn.

The strobe light will turn off.

**PLEASE TAKE APPROPRIATE ACTION TO ENSURE SAFETY
WEATHER CONDITIONS CAN CHANGE
THIS SYSTEM IS NOT AN ABSOLUTE PROTECTION
PLEASE USE COMMON SENSE!**
